

Assessment Tomorrow 2010

21st Century Assessment
International Assessment Tomorrow
Conference and Exhibition

Tuesday, 11th May, Millennium Hotel, Kuala Lumpur, Malaysia

In association with UK Trade and Investment and
The Global Center of Excellence for Human Capital (GCEHC), Universiti
Teknologi MARA

4th Assessment Tomorrow Conference in Malaysia

This one day conference will build on our previous events held in KL in 2005, 2007 and 2009. The conference will focus on building high quality assessment into education and training through the use of technology and new approaches to assessment.

Assessment Tomorrow conferences are designed for all those involved in education, training and work based learning who are concerned with raising standards and, in particular, with the use of technology to improve assessment.

As in previous conferences, speakers from leading Malaysian, UK and international organisations will consider how technology can support the development of a high quality, skills based, workforce including:

- Bridging the skills gap by appropriate and timely skills assessment,
- Designing effective skills assessment,
- Assessment in education for employability,
- Delivery of qualifications,
- The role of technology based testing and assessment,
- The use of e-portfolios in competency based qualifications and
- How technology can improve access to learning and development in a fast developing and competitive environment.

Our conferences are designed to promote discussion and debate and delegates will have the opportunity to discuss the issues with speakers in the sessions and, informally, over lunch and during refreshment breaks.

The fee for this one-day event is RM 450 / GBP90.00 / US\$135. The fee includes all conference materials, lunch and refreshments.

Register now at www.kl.assessment-tomorrow.com or fax completed booking form to +44 (0) 1622 235580.
